Premier Bennett to Visit Washington Soon After Ramsay MacDonald's Arrival — U. S. Accord to Be Model for Nations.

OTTAWA, April 10.—Prime Minister Bennett will be at Washington this month with President Roosevelt. It became known here this afternoon.

WASHINGTON, April 10.—Cordell Hull, secretary of state, indicated today that among subjects to be taken up in the Washington conversations with leading statesmen of Canada and other countries in preparation for the world economic conference would be the restoration of the price of silver and control of wheat supplies.

The silver question, he said, is now figuring in the Anglo-American discussions of the fact that Britain is selling silver for gold.

These conversations will continue this week, regardless of the fact that Ramsay MacDonald, British prime minister, is sailing soon for London.

a direct conversation with President Roosevelt.

The question of silver and possible methods of improving it is mentioned in detail in the formal agenda for the economic conference.

WORTHY OF CONSIDERATION

"The question of developing new and enlarged industries in the silver" is emphasized in the program of worthy of careful consideration. Also advocated for consideration is the possible improvement of methods of marketing the metal by producers and currency authorities.

Other possibilities are increased use of silver as coins by the principal nations; and purchase by leading countries now out of silver. The conference will return to U. S. of a stipulated amount of silver to be added to the reserves of central banks.

NEW YORK, April 10—The New York Herald-Tribune says today in a dispatch from Washington correspondent that it is understood Prime Minister E. B. Bennett will visit the United States capital soon.

The trans-Atlantic dispatch in part, follows: Mapping the strategy of its attack on the world economy, which will bring statesmen and experts of at least 11 other countries to Washington, discussion in the next six weeks, the Roosevelt administration has determined to make its first concrete advance in the negotiations of one of the most important international treaty and production control agreements.

HOLD HIGH HOPES

Officials of the administration have selected Canada as the first country with which to work out such agreements, and a preliminary process of very informal exchanges has led to a high hope for a successful process of negotiation. Establishment of an agreement with Canada would supply a model for the subsequent action elsewhere.

In line with this plan the administration was given to understand Sunday that Richard B. Bennett, Prime Minister of Canada, who already has been contacted on the possibility of a formal arrangement, will visit the White House soon after the arrival of R. B. Bennett, British Prime Minister.

The informal exchanges between the Canadian and Ottawa have convinced officials here they will be met with a spirit of cooperation. Bennett is here represented as reciprocating President Roosevelt's interest for action.

WHEAT PRODUCTION

In addition to tariff discussions, the experts exchanged views on wheat production and advice between the two countries has within the last few days been extended again to the subject of mutual limitation of wheat production. The representative of Argentina, whose government also has been invited to the Washington discussion, will be asked to join in these exchanges and was probably will be found in the United States in the future.

Canadian spokesmen have warned of the legislative difficulties of obtaining government approval of wheat production in their country, but they have agreed to meet in the future for the limitation privately advised by Henry A. Wallace, Minister of Agriculture, and Henry Morgenthau, Jr., governor of the Federal Farm Credit Administration.

MODEL AGREEMENT

The effort to reach a model agreement for the United States was founded upon these reasons:

"The trade with Canada is of great importance. Only with the United Kingdom is American trade greater, but exports to Canada dropped from \$346,000,000 in 1921 to \$247,000,000 in 1922. Exports in 1929 to Canada were valued at \$500,000,000. Imports from Canada in 1929 were \$174,000,000 in value and \$260,000,000 in 1931 and \$300,000,000 in 1932.

Canada was known to be likely to cooperate.

There were no complications to be feared from any existing international political misunderstandings.

MacDonald To Set No Limit

LONDON, April 10—Prime Minister Henry Macdonald said today

SIR OSWALD MOSLEY ASSERTS INDUSTRY SHOULD BE DIVIDED INTO SELF-GOVERNING AREAS Dictator?

System Admitted is Revolutionary But Claimed Constructive

Plan to Re-erect New Civilization on Wreck of Present Structure

Sir Oswald Mosley, one of the richest young baronets in Great Britain, is head of the British Imperial Fascist Party. He began his career in parliament as a Conservative, but, like Gladstone and Disraeli, "crossed the floor." Becoming disaffected with Socialism, he formed his own small Fascist party in 1918.

By Sir Oswald Mosley, Bart. Chief of the British Imperial Fascist Party. Interview with the United States Editor, *Edmonton Bulletin* and *Edmonton Journal*, LONDON, April 10—President Franklin D. Roosevelt has organized his program for the rebuilding of the American economic system in such a way that if there were any organized section of the United States, I would recommend it to Roosevelt's program.

But the American position at the moment is such that it is not possible to bring about a new system of self-governing areas which would form corporations. Representatives of the workers and contractors would govern the corporations under the general direction of the government.

The main functions of the corporation would be to raise salaries, wages, and the standard of life over the whole field of industry.

For these purposes they would be subordinate to the interests of the nation.

Within those limits profit may be made by the individual, but he must at the same time contribute to the nation. He must not exploit the nation and the working class.

To introduce this system would mean a revolutionary change for Britain, and Fascism is frankly a revolutionary creed. But we fight against the revolution of the present system. We fight to the last drop of blood.

Let us look at the United States. The American position is such that it is not possible to bring about a new system of self-governing areas which would form corporations.

Two Cups Up For Competition To Coach Builders

Entrants in the Bulletin-Fisher Boat Craftsmen's Guild competition in Edmonton and district will have a chance to compete for two Bulletin silver cups instead of one as formerly.

Cups will this year be presented to the Senior and Junior divisions, and the winners will have them for their permanent property, initially engraved and setting forth the manner in which they won them.

Last year the cup went to the best craftsman in this district, irrespective of whether he was entered in the Senior or Junior division. This year will give the winners their own cup and the Seniors their own cup for which to compete.

CHINESE GET BIG PUSH

TIENTSIN, China, April 10—The Japanese, allegedly seeking to oust the Chinese from the area east of the Luan River, appeared today to have struck unexpected opposition.

(Chinese Commanders last week said they had received Japanese demands that the Chinese evacuate the entire area some of the great wall as far as the Luan River. At the same time the Japanese war office disclaimed responsibility for the advance on Chingwang-shan, 10 miles northeast of Shih-tai-shan, by Manchukuo forces.)

The Chinese said they had received Chingwang-shan, according to official reports, but they were not sure the Manchukuo forces from Kiang-yang and Liaoning, a defeat from which they were to have to defend the Chingwang-shan.

CHINESE GET BUSY

The Chinese appear to have thrown heavy reinforcements into action from the direction of Lan-chow, which had halted and pushed back the Manchukuo advance.

Foreign critics anticipated that in the event of a Chinese victory, regular forces continuing Japanese regular forces claim have not yet pushed south of the great wall, enter the area.

AUSTRALIA EFFECTS LABOR, THEN SECEDES

EASTERN DOMINATION PROVES WORKSOME MINUS VOTING POWER

Premier Lyons is Planning Inquiry

CANBERRA, Australia, April 10.—Prime Minister Joseph A. Lyons last night said he was "deeply disappointed" but not surprised at the result of a referendum in which the state of Western Australia decided to secede from the Commonwealth.

The Prime Minister said the Commonwealth government would call an inter-state convention to enable other members of the confederation to discuss the constitutionality of the issue.

PERTH, Western Australia, April 10.—The state of Western Australia today elected a Labor government in place of the Union administration led by Premier Sir James Mitchell and decided in a referendum to secede from the Commonwealth.

The election, even with results incomplete, gave the Laborites a clear majority over the Nationalist and Country parties which had formed the coalition government. The figures were:

Labor	28
Nationalist	8
Country Party	9
Doubtful	5

HURRIED CAMPAIGN
Decision of the voters to secede from the Commonwealth came as a result of a major view that the interests of the state as a primary producer were not served by adherence to a confederation containing the eastern states whose views were claimed, rule in the House of Representatives.

The federal government took official cognizance of the secession move ten days ago and sent a hurried campaign seeking to convince voters it would be worth Wm. McHugh, Australia's war-time premier, described as a "crude and futile gesture."

Prime Minister Joseph A. Lyons and heads of financial concerns joined in the campaign against the move. The prime minister promised an examination of the referendum under which Western Australia interests said they labored owing to the tariff policies of the government.

Butler Prepares To Be Premier
ADELAIDE, South Australia, April 10.—R. L. Butler, state Liberal leader, today was prepared to assume office as South Australia's premier, following the defeat of L. E. Hill's Labor administration in Saturday's general election.

Counting of ballots was still incomplete in some outlying districts, but available results indicated the Liberals would have at least 30 of the 46 seats in the legislature. Mr. Butler is a son of former Premier Sir Richard Butler.

B.C. TO SELL LIQUOR PERMIT FOR TWO-BITS
Price of Beer Goes Down To Combat Home Brewers
VICTORIA, April 10.—British Columbia's beer thirty cent can campaign has been abandoned as a slightly reduced price as the result of the government's new policy to facilitate beer sales. Reduction in cost, 50 cents per dozen bottles, from \$2 to \$1.50, became effective Friday night when the beer legislation was given assent to by the legislature. In addition to the lower price of beer, liquor permits have been reduced from \$2 per annum to 25 cents.

The new beer legislation was decided on, according to a statement of the legislature by Mr. R. H. Pooley, to curtail home brewing of the amateur kind, which was varied had assumed such proportions that state of government beer had been greatly lessened. Mr. Pooley said, he had decided from 1920-200 barrels in 1920 to 60,000 barrels last year.

DEATH IN ELECTRIC CHAIR FACING NEGRO ATTACKER SECOND TIME

Loaded Guns To Guard This Trial

National guardsmen are seen in front of the courthouse at Decatur, Ala., where the seven Southern negroes are being retried for the alleged assault on two white girls. Previously tried at Scottsboro, Ala., and sentenced to death, the negroes obtained a new trial when the U.S. supreme court set aside the verdict because it said the defendants' rights had not been properly protected. Above at left is Judge James H. Norton, who is leaving the case, and Victoria Price, one of the girls who accused the youths of attacking her. The other girl, Ruby Bates, was sitting up at the head of the trial. Below, right, is a photo of Heywood Patterson found guilty for the second time of criminal assault and condemned to death for the second time.

Engla Gains One Earl

RANCHER IN WYOMING TO TAKE TITLE

Oliver Henry Wallop, 72, Renounces Allegiance to United States

SHERIDAN, Wyo., April 10.—Wyoming has lost a titled ranchman and England has gained an Earl.

After 42 years of the pine covered slopes of the rugged, high born mountains of northeastern Wyoming, Oliver Henry Wallop, 72, returned Saturday his allegiance to the United States, placed his chap in notebills and became a nobleman, the 9th ranking peer of England.

The new Earl of Portsmouth, the eighth by right of succession, came to Wyoming in 1881. He later became a deputy sheriff in Montana and then a member of the Wyoming legislature, serving through two terms.

The Countess of Portsmouth was Marguerite Walker of Frankfort, Ky., whom he married in 1891. A second son, Oliver Malcolm, 28, born at the ranch home here, is carrying on the ranching Wallop tradition in Wyoming.

WOOLLEN MILL MAY BE BUILT IN PROVINCE

Agriculture Dept. Will Investigate Adviability of Plan

In the interval between this and the next session, the provincial agriculture department will carry out a searching and complete investigation into the possibilities of establishing a woollen mill in this province and a report will be submitted to the next session of the house.

Representations were made to the government two weeks ago by interested individuals and organizations to establish such a mill partly as a relief measure for low prices and partly to stimulate the industry in the province.

At the time estimates for establishment varied from \$100,000 to \$200,000, and it appeared as though government assistance would be required to set up the machinery.

The matter was held in abeyance until Saturday.

Addressing the committee on the subject, A. R. Clavette, M.P., D.D., chairman, outlined the difficulties of setting up the mill and the possibilities of the wool industry in this province.

Clavette said that he had notified the committee of the project that the session was now drawing toward its close and that the matter would be fully reported and a report submitted to the next session of the house.

He agreed that the inquiry would be valuable in so far as it would have been futile to expect officials to carry on this work as they were heavily engaged at the present time. An exhaustive study of the subject would be made and a comprehensive report tabled.

Musical Club Completes Year With Substantial Balance

Membership Now Totals 376; Mrs. Buchanan Takes Office

One of the most successful seasons in its history was concluded by the Women's Musical Club on Saturday evening at the annual meeting and election of officers held at the club.

J. A. Buchanan was unanimously elected president at the concluding meeting three weeks ago, her name being the only one submitted for the presidential post.

Those elected to the executive were: Mrs. S. R. Keeling, Mrs. E. E. Meekes, Mrs. J. H. Barber, Mrs. James Walker, Mrs. K. F. H. Newbury, Mrs. Vernon W. Burford, Mrs. D. J. Stettin, Mrs. M. K. T. Chisholm, Mrs. Evelyn Phillips and Miss Helen McGregor.

From these will be selected officers of the executive committee.

Members of the executive, Mrs. Tom Gardner, president; Mrs. M. E. McLean, vice-president; Mrs. J. H. Barber, secretary; Mrs. E. E. Meekes, treasurer; Mrs. J. H. Barber, and Mrs. E. E. Meekes, were the recipients of appreciation and commendation.

Mrs. Gardner was the recipient of a handsome watch in appreciation of her two years as president of the club. The declined nomination for a third term.

The presidential, secretarial and treasurer's reports all testified to the success of the season now concluded. They being delivered by Mrs. Gardner and Mrs. Barber, the latter delivering the treasurer's report for Mrs. F. H. Newbury, who was unable to be present.

Information was given that the club had been unusually successful.

In all, 15 regular programs had been given. An outstanding feature had been the exchange of artists with the Women's Musical Club of Calgary. Even in spite of difficult conditions, the exchange had proven successful.

At the end of the season, the recital of Ernest Setz, noted Canadian pianist.

Reference also was made to the success achieved by the performance of the musical opera, "The Boatmen," which was the first of the grand opera given in connection with the club.

It was pointed out that the club treasury had \$500 on hand after all expenses had been paid.

The club's mutual liability was valued at more than \$1000 and consisted of 115 complete and 100 incomplete shares. The club's musical library was valued at more than \$1000 and consisted of 115 complete and 100 incomplete shares.

Membership during the last season had been 376. There were 35 associate, 130 active and 35 students.

This was a slight decrease over the year before, but as the open meetings had been discontinued, the decrease was not so great as it might have been.

Madame Duggan, reporting for the trust fund, stated that at the forthcoming annual meeting, two scholarships would be put up for the club.

There was a balance of \$89 on hand at the close of the last school year.

At the meeting a tea was given, at which Madame Duggan, Mrs. Buchanan, Mrs. Keeling, Mrs. Meekes, Mrs. Barber, Mrs. Walker, Mrs. Newbury, Mrs. Burford, Mrs. Stettin, Mrs. Chisholm, Mrs. Phillips and Miss McGregor were present.

Further announcement was made that under the auspices of the club, the Women's Musical Club of Calgary would give a piano recital at the Theatre Royal on Monday evening of next week.

University Club Award Goes To Dalhousie Girl

Mrs. Constance McFarlane, B.A., 1929, M.A., 1932, of Dalhousie University, has been awarded the Federal Women's University Club travelling scholarship for 1933 and will continue her research studies in "Marine Algae" at the Liverpool Biological Station.

The award of this scholarship is made yearly by the club in order to encourage women graduates of Canadian universities.

Dr. Dixie Peacock and Dr. Silver Dowling, former students of the University of Alberta and now actively engaged in scientific work, were both born representatives of the club.

Dr. Peacock, who is now a lecturer in the department of zoology at the University of Alberta, was a member of the club.

Legislation Committee Works and Resolutions On Order Paper

Procreation of the third session of the seventh legislature of Alberta will take place this week, with that ceremony taking place either on Tuesday or Wednesday. There is a possibility that serious business will conclude by Monday night, although this is not considered likely. Much work still remains to be done.

About 20 bills remain on the order paper in various stages of progress, including the Debt Adjustment Act.

Although it is thought that practically all discussion has taken place on this measure, some amendments perhaps will lead to some late amendments or additional debate.

The Crop Payments act, the Extension of the Land Act, the Municipal Districts act and others still remain open for discussion.

MUCH WORK REMAINS

A great deal of work remains to be done. The agricultural committee, which is still sitting almost until the early part of the session, has been considering since early in March the resolution moved by H. H. Brown, provincial Liberal leader, advocating the establishment of a national bank which would finance provinces and municipalities.

The resolution, by W. R. Smith, U.F.A., Macleod, advocating a central bank, was also considered. While the legislature has no jurisdiction in dealing with either of these subjects, there is no doubt that an expression from the house would carry great weight.

The committee is endeavoring to consolidate the resolutions into one so that they may be forwarded with the unanimous approval of the house.

NOT YET THROUGH

The Public Accounts committee is not yet through its deliberations. It is scheduled to meet again on Monday night to deal with the investigation into relief in the provincial cities.

The committee was agreed on by resolution moved by H. H. Brown, Conservative, calling that how long the bill will take is not known. But it is believed that if Mr. Brown's resolution is passed, it will be a great relief to the public.

Various other matters remain to be dealt with and it was expected that the session would end on until Tuesday night at any rate.

\$25,229.25 Paid To Lawyers Not On Government Staff

During the year 1932 a total of \$25,229.25 was paid to lawyers who were not members of the civil service or employees of the attorney general's department.

The information given by the legislature by Hon. J. F. Lymburn, K.C., attorney general, at the request of Mitchell, Liberal, leader.

This total \$25,229.25 represents fees and \$24,919.35 expenses.

The major portion of the fees were paid out in two cases.

A total of \$10,229 was paid in fees to the services of N. W. Tilley, K.C., of Toronto for services in connection with the Mayland Oil Turner Valley gas conservation case.

The next largest was to L. R. Hume, of Lethbridge, K.C., for services rendered in regard to the case of Borden, who was charged with charges in connection with securities.

This item, including fees, expenses and exchange, totalled \$10,229.41.

The balance of the fees are made up in small amounts against other lawyers in making the case for the province for services in connection with cases in their areas.

He asked for a "release" to return to his home town to get back to his own home town but after a consultation between the court and the prosecutor, the court of the six weeks term was imposed.

THE INQUIRING REPORTER

Is a lawyer justified in coming to the aid of a man who is a victim of a crime?

This is a question which is a frequent subject of debate and argument among lawyers.

The Bulletin's Inquiring Reporter, who is a lawyer, has been asked to give his opinion on this question.

Two city youths pleading guilty to charges of theft were remanded to a later court for sentence on the request of the Prosecutor. Evidence was given by the father of one of the boys, who said he had been given \$2 by his father to buy a pair of shoes.

John Sales, charged with theft, was given an adjournment in order that he might return after the city of Edmonton. He was given a "release" to return to his home town to get back to his own home town but after a consultation between the court and the prosecutor, the court of the six weeks term was imposed.

Filling in the off-season between the close of the baseball campaign and the opening of the baseball season, the interest of fans naturally turns to the doing of the "Grads" who start the first of their spring series of games on Friday of this week. Teams may come and teams may go, but the Grads are always with us.

There is just a danger that we have come to regard this marvelous collection of girls as something to be taken for granted. As a matter of fact, it is pretty generally admitted that the extraordinary success of the team has just about proved its own value from a financial point of view. If I remember right, I took a defeat two years ago to bring the fans back to the realization that we really had the Grads in our midst.

If ever a team deserved to receive the support of Edmonton, the province generally, it is the Grads.

For over a decade these girls have kept the name of the city ringing high in the athletic world, and unless all signs fail, they are capable of keeping it there indefinitely.

These inter-collegiate games, and particularly Dominion and Western, are really a great deal of money, however, and it is entirely up to the public whether the local girls are to continue.

Starting on Friday afternoon, the Arena staff began to complete the building of the new playing floor, and as the paint and varnish were not yet laid down, the Grads "were postponed their usual Monday practice until tomorrow night. Incidentally, this will be the final workout before Friday's game.

They were not able to win a league game in Toronto all winter, but Lester Patrick's New York Rangers have been the real champions by going into the city on Saturday night and winning the second game of the Stanley Cup series by 3-1. That was the last of the season, and they were not able to win a game in the city on Saturday night. They were not able to win a game in the city on Saturday night.

Rangers are made up mainly of westerners and they'll have plenty of moral support from these parts in their efforts to gain the world title.

Out where the Pacific waves wash up to our western coast, Montreal Hawks, who have never won a game, will be a large-sized crimp in the Allan Cup expectations of the Stanley Cup. The Hawks are always a crimp in the Stanley Cup series, but they are not able to win a game in the city on Saturday night.

Due to the fact that a star was delayed in driving here from New York, Friday night's game, which was to have taken place today, will be a little later instead. The funeral will be from 10 to 11 a.m. at the funeral home, 1000 Broadway, and the game will start at 7:30 p.m. on Saturday night.

Commissioners report, in part: "For some considerable time past

The question of local improvement assessments, particularly as to flanking, has been under consideration and it would appear that the principle of allowing flanking exemptions, partially, at least, is now a matter of general practice in other cities."

Monkhouse Kin *Living in Victoria*

VANCOVER, April 10.—Two relations of the Monkhouse family, facing

lives of Allan Monkhouse, facing trial in Russia, are resident of British Columbia. Mrs. Winnifred G. Stevens, F.R.G.S., New Westminster, is the sister of his wife, while Mrs. Margaret Vicary, Vancouver, is an aunt of Monkhouse himself.

Mr. Shaughnessy said he had investigated Drumheller, including seven cases of city owned property and in each case the monthly rent exceeded one twelfth of the annual taxes. In Lethbridge he had investigated 12 cases, a small proportion of the whole and in all but two the rent exceeded current taxes. He had also investigated the method of

In Medicine Hat there had been no complaints on rent. Some cases of fuel arrears had been brought to his attention and there were instances of these being charged to the Dominion and provincial governments. There were improper charges for gas.

He considered the food and cloth-

Premier J. E. Brownlee said that there was a wide difference of opinion between the cities and the relief department as to what were proper cases for treatment.

It would be unfair to the cities, he said, if a full investigation were

now ordered. He himself was not prepared to say that there were irregularities in the way cities had handled relief and he hoped that at present no such impression would go abroad. It was now sufficient to say that the whole question was under investigation.

Mr. Farthing, who had instituted the investigation, agreed to make no mention of this region, but allow

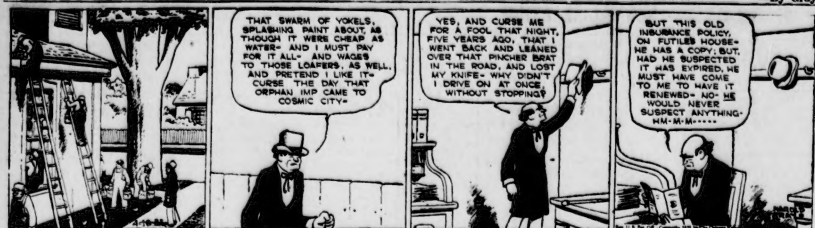

Hon. O. L. McPherson, minister of public works pointed out the difficulties in the way of negotiating such agreements. The whole presented a complicated problem, replete with adjustment and com-

TRADING SLIM
"PEG" MARKET;
FUTURES SAME

WINNIPEG, April 10.—No notice was taken on the grain exchange here today of a recent rise in Chicago prices, with only a handful of export business transacted in Canadian wheat and durum markets. Trading here was narrow, without and wheat futures prices closed unchanged in all futures.

May closed at 54½; July at 52½ and October at 51½.

The strong Chicago market which has a cost gain most of the season was practically ignored by local traders and United States wheat prices widened to a premium of about 6½ cents over Winnipeg. A little grain business was noted in early trading, but except that it showed little difference in the pit, it made little impression on trading sentiment. Liverpool and Buenos Aires quotations were also unchanged.

World wheat shipments during the past week were 5,817,000 bushels, totalling only 1,047,000 bushels compared with 13,000,000 bushels the week previous and 14,700,000 bushels in the corresponding week last year.
